

In the 'Customer' panel, when I cancel an order, the canceled order does not appear in the 'Orders' section.

VENDOR:

There is no validation for vendor registration in most fields. It's unclear which fields are mandatory and which are optional

WITHOUT LOGIN:

When click on 'Go Back Home,' it redirects to the customer index page.

WITH LOGIN

'Cement2Steel/public_html/Vendor/product-add.php' no proper client side validation for all fields.

'Cement2Steel/public_html/Vendor/product-stock.php' add stock and update stock no validation

Cement2Steel/public_html/Vendor/pos.php - No proper validation

Cement2Steel/public_html/Vendor/pos.php - sidebar & navbar is not showing

Cement2Steel/public_html/Vendor/estimate.php &
Cement2Steel/public_html/Vendor/estimate.php - No proper validation & sidebar & navbar is not showing

Cement2Steel/public_html/Vendor/unit.php - No proper validation
